

A Cake for the Start

2016 UV specialist Dr. Hönle AG celebrate their 40th anniversary. The kick-off was a very private birthday party for nobody but the Hönle staff.

The cutting of the cake (from left to right.): The members of board Heiko Runge and Norbert Haimerl as well as founder of the company and Chairman Prof. Dr. Karl Hönle.

In the beginning there was an idea which by today has developed into a worldwide successful company group. – On the occasion of their 40th anniversary, company founder and Chairman Prof. Dr. Karl Hönle gave some internal details: In a very amusing way he portrayed the way from a threemen company full of ideas around UV technology to a leading UV specialist and stock company with locations all over the world, whose UV systems are applied in a multitude of markets. He thanked everybody who has helped to make the Dr. Hönle AG what it is today.
